

User Acceptance Test (UAT) – Issues & Requirements Checklist

1. Membership Workflow & Approval

- ☐ Approval stage must return to the **Secretariat** before proceeding to higher levels
 - ☐ Members must be able to **track the status** of their applications (no “ghosting”)
 - ☐ Members should be allowed to **upgrade membership** only if they meet qualification criteria
 - ☐ System should allow **admin override** for membership upgrades based on exceptional contributions
 - ☐ Members should be automatically set to **inactive (soft delete)** after **3 consecutive years of inactivity**
-

2. Payments & Financial Management

- ☐ System should support **partial payments**
 - ☐ Remaining balances must be **tracked and visible**
 - ☐ Users should receive **alerts/reminders** for outstanding balances
 - ☐ All payments should **expire at the end of the fiscal year** (e.g., August)
 - ☐ After fiscal year end, all members should be marked as **not paid** until renewal
 - ☐ Each payment must be **linked to the respective member** for clear tracking
-

3. Membership Configuration

- ☐ Membership types and corresponding **fees should be configurable dynamically**
-

4. Events Management

- ☐ System should provide a **list of attendees/applicants** for each event (admin visibility)
 - ☐ Guest users should be able to **apply for events**
 - ☐ Guest users should receive **notifications** regarding their applications
 - ☐ Event cancellation policy:
 - ☐ Cancelled registrations should be **rescheduled to the next available event**
 - ☐ No refunds should be issued after cancellation
-

5. System Integration

- ☐ System should integrate with **external systems** (e.g., ERB, NIDA, etc.)
-

6. Data Management & Import

- ☐ System should support **bulk member import via Excel** (file to be provided)
 - ☐ Uploaded documents should support **larger file sizes**
-

7. Additional Features

- ☐ System should support **donations** functionality
